

**R1/K, SINGLE LINEN HAMPER + CIAK  
COD. 1050/K**

Tubular structure completely made of AISI 304 stainless steel; it is hygienically safe and can be washed and sterilized.

1 rigid plastic bag holder for an easy insertion of any kind of linen and plastic bags

CIAK is composed by a tubular frame made of AISI 304 stainless steel.

The opening and the closure of the bag are pedal-operated. This is a very helpful feature that allows to use the trolley even if the operator's hands are busy; it also prevents nurses from risk of contact with waste materials.

Upper ring (made of AISI 304 stainless steel) is covered with a special blocking rubber that, thanks to its internal grooves, enables the blocking of the bag.

Dim. 715x580x1010 h mm

**Position 1**
