

**R2/APK - DOUBLE PEDAL-OP. LINEN HAMPER + CIAK
COD. 1060**

Tubular structure completely made of AISI 304 stainless steel; it is hygienically safe and can be washed and sterilized.

2 rigid plastic bag holders for an easy insertion of any kind of linen and plastic bags.
Provided with 1 pedal-operated ABS lid with built-in handle, fixed by a stainless steel rod, with soft-closing system.

Both lid opening and closing is controlled by pedal: pushing on the pedal to open the lid will be opened and pushing again on the pedal the lid will be closed.

Stainless steel pedals with anti-slip rubber cover.

CIAK is composed by a tubular frame made of AISI 304 stainless steel.

The opening and the closure of the bag are pedal-operated. This is a very helpful feature that allows to use the trolley even if the operator's hands are busy; it also prevents nurses from risk of contact with waste materials.

Upper ring (made of AISI 304 stainless steel) is covered with a special blocking rubber that, thanks to its internal grooves, enables the blocking of the bag.

Dim.1050x580x1010 h mm

Position 1

Available colours for lids
